# INCYBER Forum Canada:

The premier event that brings together the Canadian and international cybersecurity & digital resilience community.

## OUR GOAL

- Tackle cybersecurity challenges through an integrated approach that covers the full spectrum of digital trust, including emerging risks in AI security and AI safety.
- Develop a collaborative cybersecurity ecosystem, involving all stakeholders: public and private decision-makers, users, service providers, and solution developers, to strengthen resilience and adaptability.
- Promote a trustworthy digital space that safeguards interests, reflects shared values, and ensures advanced technologies like AI operate safely, reliably, and ethically.

## A SUMMIT

### TO BUILD A MORE SECURE DIGITAL SPACE TOGETHER

INCYBER is where decision-makers and strategic stakeholders in the cyber field from all over the world meet. Our goals: anticipating change, understanding issues, taking part in the public debate and finding real solutions.

## A FORUM

### TO SHARE INSIGHTS AND REFLECT COLLECTIVELY

Take part in discussions on digital security and trust:

- Cyber risk management & AI-enabled threats
- National cyber resilience
- Data protection, digital transformation & sovereignty
- AI safety & secure AI deployment
- Industrial & critical infrastructure cybersecurity
- Fighting cybercrime, fraud & illegal content
- Quantum-resilient cryptography & future-proof systems

## A TRADE FAIR

### WITH OPERATIONAL RESPONSES TO YOUR NEEDS

INCYBER is the place to connect and network, where you'll be able to talk to:

- **Canadian and international public sector stakeholders (politicians, government agencies, law enforcement, military, and others):** Chief Information Security Officers, Chief Information Officers, Risk Managers, Data Protection Officers, Cybersecurity Managers, Security Operations Center Managers, and others.
- **Suppliers:** publishers, consultants, Managed Security Service Providers, hosting providers, system integrators, retailers, and others.

# THEY WERE PRESENT IN 2025

**Caroline XAVIER**  
Chief, Communication  
Security Establishment

**Major-General Dave YARKER**  
Commander, Canadian Armed  
Forces Cyber Command

**Greg BUNGHARDT**  
Director, Cyber Security Policy,  
Public Safety

**Chris LYNAM**  
Director General, the National  
Cybercrime Coordination Centre  
(NC3) and Canadian Anti-Fraud  
Centre, RCMP

**Hanno PEVKUR**  
Minister of Defence of the  
Republic of Estonia

**Miguel DE BRUYCKER**  
General Manager, Center for  
Cybersecurity of Belgium

**Maneesh AGNIHOTRI**  
CISO, Toronto City

**Sara ANVARI**  
VP et RSSI, BRP

**George AL-KOURA**  
CISO, Ruby

**Gilles BÉLANGER**  
Minister of Cybersecurity and  
Digital Technology of Quebec

**Benoit LEFEBVRE**  
CISO, Loto Quebec

**Caitlin SARIAN**  
Founder and Executive Director,  
Cybersecurity Girl LLC

## PUBLIC SECTOR

**Carl Montreuil**  
RCMP

**Stéphane Le Bouyonnec**  
MCN, Quebec

**Bridget Walshe**  
CCCS

**Wayne Eyre**  
Canadian Army

**Mohammad Gureshi**  
CIO ONTARIO

**Pascal Fortin**  
Cybereco

## PRIVATE SECTOR

**Charles Finlay**  
Rogers Cybersecure Catalyst

**Patrick Ford**  
Schneider Electric

**John Weigelt**  
Microsoft

**Jean Le Bouthillier**  
QOHASH

**Denys Tyson**  
BELL

**Nazim Benhadid**  
Telus

## INTERNATIONAL LEADERS

**Deputy Prime Minister Krzysztof  
Gawkowski**  
Poland

**General Christophe Husson**  
France

**Youngwoo Jeon**  
Korea

**Esmond Kane**  
USA

**Dana Ludviga**  
Latvia

# THE INCYBER FORUM CANADA 2026

COME  
& MEET

**3,000**  
PROFESSIONALS

**150**  
PARTNERS

**200**  
SPEAKERS

**35**  
COUNTRIES  
REPRESENTED

**5**  
STAGES

**1**  
LEADERS  
LOUNGE

5 INCYBER  
STAGES

**NATIONAL  
CYBER RESILIENCE  
SUMMIT**

Unites Canadian and international cyber leaders from defence, law enforcement, and the public sector. Focus on forging a collective, secure future to ensure national digital security and build lasting trust in the age of AI and global threats.

**CYBER  
STAGE**

The frontline of cybersecurity excellence. Hear from top industry leaders and practitioners tackling today's most critical cyber threats. A deep dive into cutting-edge strategies, real-world defence, and the future of cyber resilience.

**TRUST  
& AI STAGE**

Building trust in an AI-powered world : a forward-looking stage exploring AI safety, cloud security, and digital trust alongside leading experts and innovators.

**THE  
ARENA**

A "stand-up" stage format for product presentations; disruptive keynotes, oratorical duels, start-up contest

**INCYBER LEADERS  
LOUNGE (VIP ONLY)**

The Rogers Center ballroom becomes a dedicated space with a VIP stage, networking, and refreshments for strategic cyber exchange among public and private CISOs and senior leaders.

# SPECIAL OPERATIONS

## EXCLUSIVE RECEPTIONS

**Networking receptions dedicated to cyber leaders:**

- Welcome cocktail party at the Museum of History in Gatineau
- Reception and networking cocktail event at an exceptional venue in Ottawa
- An exceptional opportunity to meet decision-makers in the field and our guests
- Make the most of this exclusive setting to strengthen your connections and celebrate the start of the Forum.

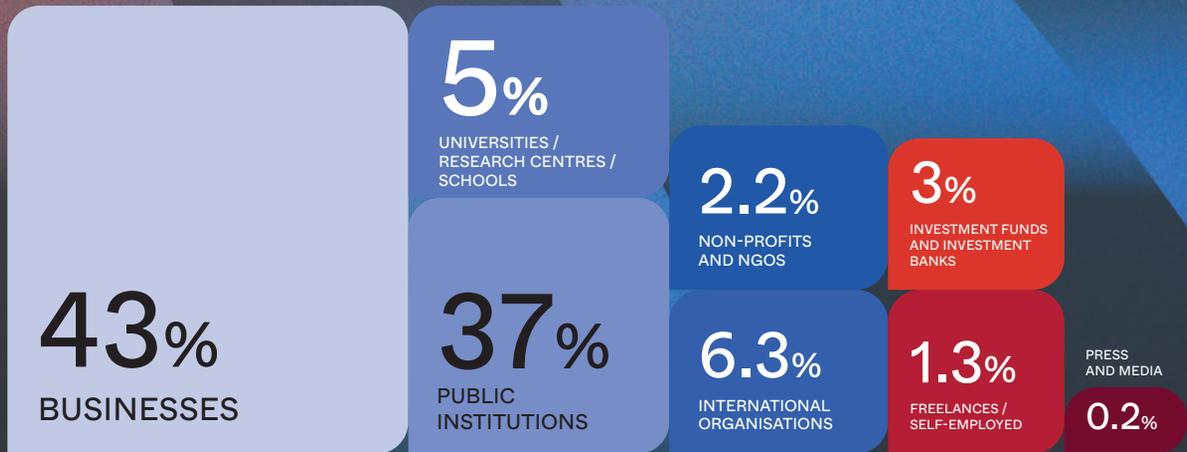

## START-UP AWARD

For its third edition, the Start-up Award will recognise cyber and trusted AI innovation from across the country, during an amazing pitch contest in front of a professional jury and the INCYBER public.

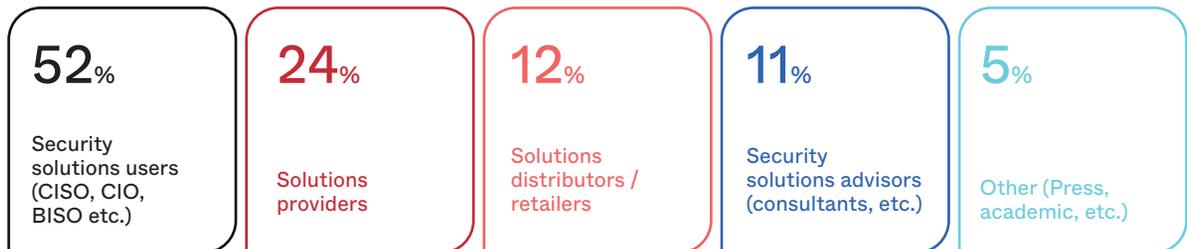

In 2025, the winner of the Grand Prize was CYBERDEFENSE.AI, and the Jury's Choice award went to MINDSHIELD. INCYBER is proud to assist startups moving cybersecurity forward and helping to build a more secure digital future.
